Dr. Albert B. Sabin,
Children's Hospital Research Foundation,
Cincinnati, Ohio.

Dear Dr. Sabin:

I have your letter of June twenty-ninth and I am very glad that you are going to be able to write the article on *Toxoplasmosis*. If it is a little hard for you to get it out by October first I think November first would be all right, but I think that would be the absolute deadline in order for it to go out in the next set of additions and Revisions.

As to illustrations: the publishers are anxious to have as many illustrations as are necessary to properly illustrate the material, so do whatever you think you should along that line.

Thanking you again for your cooperation.

Very sincerely yours,

Joseph Brennemann
