Dear Professor Sabin,

following to our meeting in Chieti *File:* ↙  
I am sending you the paper concerning our pilot project for  
hepatitis B eradication in the small town of Afragola, Naples,  
which you asked me to let you see. I hope you will find it  
interesting and give your authoritative comments on this study.

I would really appreciate your suggestions and  
considerations since you are one of the most renowned experts in  
the field of vaccination.

I am looking forward to receiving your comments and  
seeing you soon and also I take this opportunity to give you all  
my best wishes for a happy 1991.

Yours sincerely,

Prof. Giuliano Da Villa
