Mr. George Haywood *ibrd*
Greater Cincinnati Bicentennial Commission
230 East 9th Street
Cincinnati, Ohio

Dear Mr. Haywood:

This letter is to request that the Greater Cincinnati Bicentennial Commission register Patricia Renick's "Triceracopter Americus" with BI-NET. The Contemporary Arts Center is pleased to announce that Ms. Renick's sculpture will be our main bicentennial exhibition during the summer months of 1976.

I know of no other serious contemporary artist whose aesthetic coincides as appropriately with the purposes of our countries two hundredth anniversary as does Ms. Renick's. I would hope the commission concurs in this matter.

Best regards,

Jack Boulton
Director
