## Conservator's Note

This book was treated in conjunction with volume one. Each treatment was different, but the aesthetics of both volumes were important to keep similar. In this case, treatment was conducted to repair the broken leather joints with a pre-coated solvent set tissue and to replace the missing headcap. Initially, the leather on the covers and spine was consolidated with Klucel G 3% in ethanol. Both endpapers and the title page were surface cleaned with an Absorbene smoke sponge. The missing headcap was replaced with acrylic toned Okawara tissue and Zen Shofu wheat starch paste. Once the headcap was repaired, pre-coated tissue was created with Lascaux 498 HV and acrylic toned Usu Mino tissue.

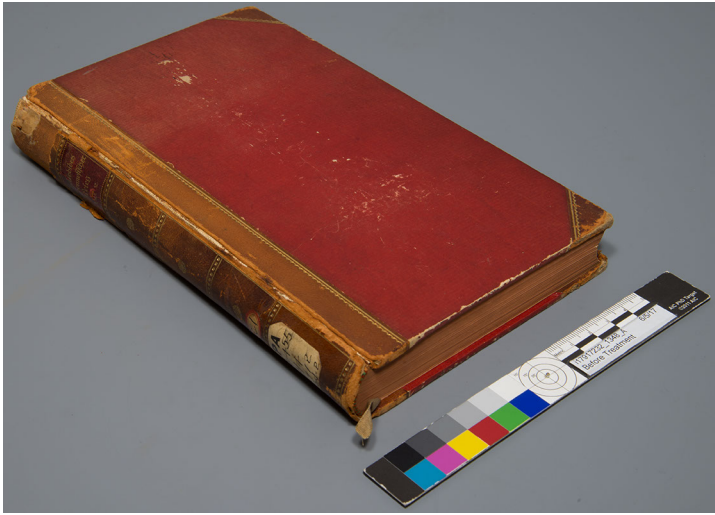

In preparation for the repair of the broken joints, the delaminating leather on the boards was fully lifted with a Caselli spatula and re-adhered down with Lascaux 498 HV. Once the leather on the boards was
