Time In-house Repair (minutes)	100

2

In-house Repair 2

Performed In-house Repair 2

Staff Type C-onservator, T-echician, S-tudent

Time In-house Repair 2

Conservator's Note

This is small paper cover pamphlet. The decorative paper cover is soiled and has small tears along the headcap and edges. In addition, the corners of the cover are creased and folded. As a result, treatment was performed to repair the tears on the paper cover, as well as reinforced its corners. Overall, the cover was dry surface cleaned with an Absorbene smoke sponge and, in some areas with grime, a vinyl eraser block was also used. The tears along the headcap and edges of the paper cover were mended with toned Usu Gami Japanese tissue and Zen Shofu wheat starch paste. Also, the corners were reinforced with toned Usu Gami Japanese tissue and wheat starch paste. The Usu Gami tissue was previously toned with Golden and Liquitex acrylics. The textblock was also dry surface cleaned with an Absorbene smoke sponge. The pamphlet was then housed in a manuscript folder.
