| Performed In-house Repair other | |
| Staff Type C-onservator, T-echician, S-tudent | |
| Time In-house Repair other | |

Conservator's Note

This single sheet deed was received by the preservation lab for housing. The sheet was previously folded in half and a sheet of dove gray was interleaved between the folded halves. The deed was housed in a polyester L-sleeve and a manuscript folder. The manuscript ink was tested with indicator paper for iron (II) ions, and tested positive for Fe(II) ion, indicating it is likely iron gall ink.
