	Time In-house Repair (minutes)	30
2	In-house Repair 2	Storage & Handling
	Performed In-house Repair 2	Kasie Janssen
	Staff Type Conservator, Technician, Student	T
	Time In-house Repair 2	100
3	In-house Repair 3	Storage & Handling
	Performed In-house Repair 3	Ashleigh Schieszer
	Staff Type Conservator, Technician, Student	C
	Time In-house Repair 3	10
4	Type In-house Repair other	
	Performed In-house Repair other	
	Staff Type Conservator, Technician, Student	
	Time In-house Repair other	

Conservator's Note

This scrapbook was received by the Preservation Lab for stabilization and rehousing. Both boards are detached and the textblock consists of very acidic paper. Throughout the textblock, ephemera has been pinned to the leaves with small, metal straight pins.

The straight pins were removed throughout the textblock. The detached materials were housed in polyester I-sleeves. Items that were originally pinned to the textblock in groups were grouped within the I-sleeves, while items that were pinned individually received individual I-sleeves. All I-sleeved items and the original scrapbook were housed in a custom corrugated clamshell. The pins are maintained with the paper copy of the treatment documentation.
