Dear J.B.:

If I sent Jim Maurer a copy of my own editorial he will think that I am trying to blow my own horn. I am sending you a copy of my editorial together with a special article by Bob Dunn appearing in our JOURNAL, exposing the whole Easley outfit. It would be much better if you were to send them to Jim Maurer with any comments of your own.

The best of regards to you. Tell our friend Fremont Older that whenever Lincoln Steffens gets ready to act on your pardon to let me know, and I shall get the Federated Press to use its influence among the labor papers in the country to the same end.

With warmest regards.

Fraternally yours,

*Albert Coyle*
