Mr. E. B. Chadwick
Boston, Mass.

Dear sir and brother:

It seems that about every year at this time you are bothered by some correspondence from me. It also seems that when I am writing you # 4 has a fight of some sort on its hands. Only today I noted in the Seattle Record that you were out for the 44 hour week; here's hoping that you have already won or that you will do so in the very near future.

My trouble at this time is the same as it was on the previous 2 occasions; if certain things take place there is a little matter that I would like to have attended to in your city and I am positive that you or some of your co-workers in one of the central bodies can fix it up in jig time and with very little trouble. It runs in my mind that I have given you the details already in one of my former letters or through some of our boys in San Francisco but if I am mistaken as to this I wish that you would let me hear from you by return mail as to it and I will go into the matter with you further without any delay, because as matters now stand there is no time to be lost. Hope that we do not have as much trouble with our correspondence this time as we had in the past.

My very best wishes to your co-workers and yourself. Nothing of importance at this end. I am fine and dandy in every way. As always,

Fraternally and sincerely,
