

October 1, 1919

My dear George:

Enclosed you will find the two letters that I was telling you about. Just put them away for your own information and please keep them as well as the other angles of the matter that I discussed with you confidential.

When you receive this just drop me a line and say that you have received the two letters from Cleveland and I will understand. Nuf Ced.

Would suggest that you file them and any other matter that you may receive for future reference.

As always,

; M
