My dear George:

Your card from Crockett with the Season's Greetings came to hand in due time; I want to thank you for it, to tell you that it is appreciated and to return your kind wishes a thousand fold.

Your letter of December 4 also came to hand. Many thanks for your offer as to the "Smokes" etc., but they are not permissible even if one indulged, but as I do not, that is one craving that has not bothered me all the years.

In your letter you said something about coming over this way; wish that you would get to it as soon as you can conveniently do so; it should not be necessary, however, to interfere with your work, if you are working steadily. Methinks that you could very easily arrange to come over some Sunday.

I want you to go into that Thompson matter for us but I do not want you to do anything definite until after I have had a talk with you in person. I understand that either a son or a nephew is stopping at the Palace or St Francis; if such is the case it should be an easy matter to obtain addresses etc., for future use.

Nothing new or startling here; hope all goes well with you; we are fine and dandy. Will be with you in four months. As always,
