Mr. Frank Mullen
Hartford, Conn.

Dear friend Frank:

Your welcome favor of July 26 came to hand in due time and I want to thank you for your prompt response. As to the Boston matter want to say that since I wrote you Morrin has promised to have it attended to for me or to get some one at the Boston end on the job so it will not be a cessary for me to go in to it further with you but I am just as thankful to you for your prompt reply and your offer to be of service as though I had taken advantage of it.

Let me know when you get to Chicago and give me your address there. In your letter you say that you may stop off at Cleveland on your way west. IF you do you will no doubt run into a lot of our mutual friends. Had a letter from there some weeks ago from Frank Lynch, no doubt you remember him. One of the boys that I do not believe you know, Fred Sherman, recently of Indiana olis, writes me that he is in Cleveland and if you get the chance look him up. He id a fine fellow. Another one that I do not think you have met is Bill McGregor. Would like to have you shake hands with him.

There is always a dearth of news here so my letters must always be short. Am enclosing you a card of the diversion for the day.

With kind personal regards to your co-workers and yourself, I am, as always,

Fraternally and sincerely your friend,
