Dear friend Tom:

Do you know if Ed Lewis received my note to him of the 12 instant? I wrote him as I thought that you may be out of town and that I could get in touch with him much more promptly. Requested him to tell you that I would like to see you at your convenience and that if you could not get to it suggested that he take a run over here but I have neither heard ~~or seen~~ from or saw him.

Am addressing this note as per the June Magazine as I note that change has been made therein. There is a mistake in the spelling of the name of the street which you should have corrected.

There is very little here in the way of news. The few items I have on mind will keep until I see you in person.

Trust that all goes well with you and that when you call you will have some good news for me.

With the usual good wishes, I am,

Fraternally and sincerely
