San Quentin, California

October 7, 1919

Mr. Thomas Scahill

San Francisco, Calif.

My dear Shorty:

Since your last visit my correspondence has given me some information that I think I should have a chance to talk over with you in person before you go East to attend the meeting that is called for the 20th instant. Will you try to run over? I am sure that you can make the necessary arrangements. Would suggest that you call for me only as it will then be easier for us to confine ourselves to the particular items that we wish to discuss.

Anticipating your compliance with the above, I am,

Fraternally and sincerely
