Mr. Thomas Scahill

San Francisco, Calif.

Dear friend Tom:

Just a line or two to take up two small matters with you.

The first is to suggest that do not try to come over to visit me until you ascertain if it will be possible for you to see me for owing to a recurrence of the 'Flu epidemic there has been a ban on receptions for the past week or so.

Next, presume that you have had that twelve-fifty proposition brought to your attention; if not you will hear from it shortly and this is to let you know that it is O.K, and to request that you give it your usual prompt attention. Drop me a line by way of confirmation, also let me know if you have heard from that Eastern matter. Bob wrote me from Indiana that he was sure it was attended to from the Cincinnati end

*All OK here. No news. In haste.*
