

San Quentin, California  
November 22, 1920

Mr. Thomas Scahill  
San Francisco, Calif.

My dear Tom:

It has been over a month since you have been over to see me and I have been expecting to hear from you either directly or indirectly but to date nothing has developed.

My sojourn here is now under the six month period and methinks that that period will pass before we are hardly aware of it if past performances are any criterion to go by.

It occured to me that you would undoubtedly be in the city for Thanksgiving and if you can get to it I wish that you would take a run over before you leave the city again, that is if you are going to leave.

If you can arrange it, I wish that you would try and follow the suggestion made in my former letter to you--that is to have Larry make it his business to see Mike in person some time before the holidays. After that his time will no doubt be fully taken up at the Capitol.

All O. K. here; nothing startling; my best wishes to you and yours for a bounteous Thanksgiving. As always,
